PROFESSIONAL SUMMARY

Results-driven Full Stack Developer and BCA student with practical expertise in designing and deploying end-to-end web applications. Strong core foundation in backend architecture (Node.js, Express.js, MongoDB) paired with frontend proficiency in React.js and JavaScript (ES6+). Experienced in building secure RESTful APIs, JWT authentication, and implementing role-based access control (RBAC). Committed to delivering clean, performant, and scalable software solutions.

TECHNICAL PROJECTS

Singaji Feedback System

React.js, Node.js, Express.js, MongoDB, JWT

- **End-to-End Development:** Architected an automated evaluation platform collecting lecture-wise student feedback across multiple college departments (MEG, BEG, ITEG, BTech).
- **Interactive Frontend:** Engineered responsive client-side interfaces using React.js, enabling intuitive forms for students and clear operational dashboards for faculty.
- **Backend & Security:** Built modular REST APIs using Express.js and MongoDB; implemented secure JWT-based Role-Based Access Control (RBAC) to completely isolate Admin and Faculty privileges.
- **Automation Engine:** Created automated dispatch workflows that send instantaneous, unique survey links to enrolled students immediately after lecture completion.

Hospital Management System

Java, JDBC, MySQL

- **Role-Based Access:** Developed an enterprise-level application with 4 distinct user roles (Admin, Doctor, Patient, Pharmacist) managing secure operations.
- **Data Integrity:** Designed relational database tables in MySQL and implemented reliable CRUD operations using JDBC prepared statements to prevent SQL injection.
- **Workflow Automation:** Automated patient appointment booking, doctor clinical record entries, prescription verification, and pharmacy medicine dispensing workflows.

TECHNICAL SKILLS

Languages
JavaScript (ES6+), TypeScript, Java, SQL

Frontend
React.js, HTML5, CSS3, DOM Manipulation, Responsive Design

Backend
Node.js, Express.js, NestJS, RESTful APIs, JWT Auth, RBAC

Databases
MongoDB (NoSQL), MySQL (Relational), JDBC Architecture

Tools & Version Control
Git, GitHub, Postman, VS Code, Antigravity

CERTIFICATIONS

Java (Basic) Certificate
Issued by HackerRank

SQL (Basic/Advanced) Certificate
Issued by HackerRank

EDUCATION

Bachelor of Computer Applications
Sant Singaji Institute of Science and Management
Expected 2027 | CGPA: 7.65

Higher Secondary (12th)
New Unique Public H.S. School
Completed | Score: 83.2%

Secondary School (10th)
New Unique Public H.S. School
Completed | Score: 64.8%
